

Survey of online applications

I asked fourteen people in my class questions about online applications. Here are the results of my survey.

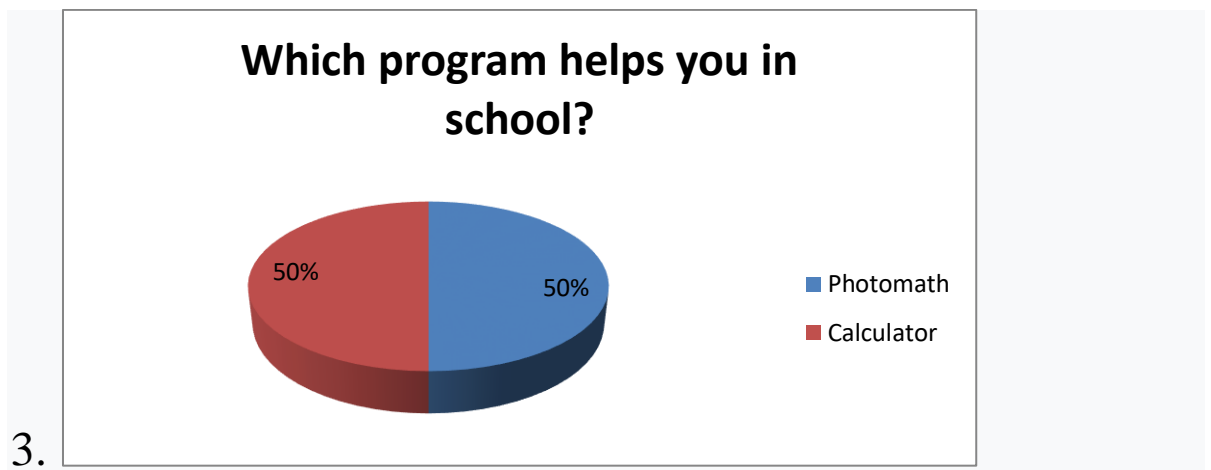

1.

Most of my classmates usually use the Tik Tok program. Facebook, Instagram and Snapchat usually use 21.4 percent.

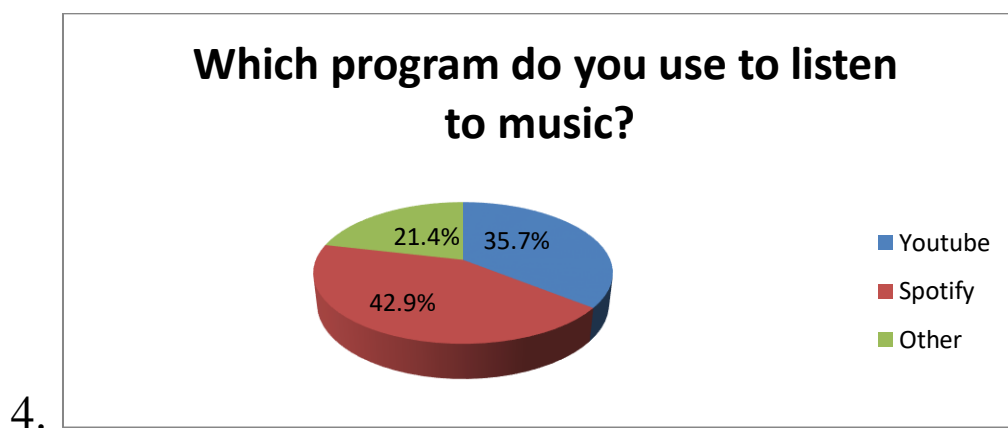

2.

A few of my classmates use the Youtube program the least. Facebook, Messenger and Instagram use 28.6 percent.

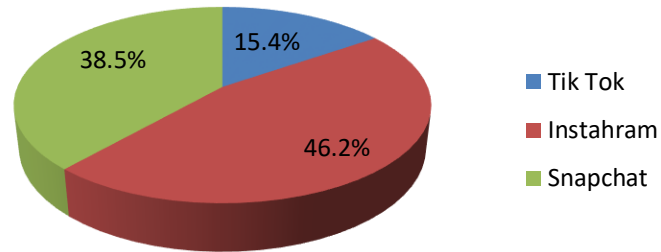

Half of my classmates helps calculator in the school and the other half helps Photomath program.

The majority of my classmates listen to music with Spotify. Most listen to music with the Youtube and a few listen to music with other programs.

Which program did you not use today?

5.

The majority of my classmates did not use Instagram today, a few did not use Tik Tok and 38.5 percent did not use Snapchat.
